IVF Why embryos don't stick (and what you can do about it) - IVF Why embryos don't stick (and what you can do about it) by Infertility TV 1,568,736 views 4 years ago 7 minutes, 24 seconds - It is the most common question asked to **IVF**, specialists. If everything looked good, why didn't my embryo stick in the uterus?

What is the most commonly question for IVF specialists?

First step in IVF - making an embryo

How can you tell if an embryo is bad (abnormal)?

Embryos which don't divide

Embryos which divide too slowly

Fragmented embryos

What causes embryo development problems?

Embryo problems that can't be seen with a microscope

Embryos with an abnormal number of chromosomes

Embryos with abnormalities in the structure of the chromosomes

What can you do to increase the chances an embryo will stick?

Can you improve egg quality?

Can you improve sperm quality?

Can you choose better sperm?

Choosing the best IVF laboratory
